Collection description:

Thomas C. Atwater was a merchant in Catskill, N.Y.

This small collection contains incoming correspondence, mostly for the year 1836, for Thomas C. Atwater. Atwater seems to have dealt with farming implements, home appliances of the day, dry goods, and farm commodities. Also included in this collection is a description of an invention for an improved water wheel (1804), some receipts, and a list of the taxable estate of Joshua Atwater (1841).

This collection is item-cataloged.

27 April 1973
